

FGS THE RESTORATION COMPANY

Volume 9, Issue 4

Insurance Professionals Prefer FGS The Restoration Company

FGS The Restoration Company has been restoring homes and properties for over 20 years. We use the best equipment available, including moisture metering tools and a thermal imaging camera to help scope water losses and assure proper drying. The structural drying trailer enables us to dry large structural losses including entire houses, hotels, apartment buildings and office buildings in days instead of weeks. The Xtreme Xtractor allows water to be extracted

from carpet and allows quick drying without removal of carpet or pad. For more information please visit us on the web at

www.TheRestorationCompany.com

The FGS team starts with knowledgeable estimators and continues with an in-house staff of painters, drywallers, carpenters, cleaners and other specialty craftsmen. This team, combined with state-of-the-art equipment, makes the quality of restoration offered by FGS The Restoration Company difficult to beat.
